MOTHER OF THE ACCUSED MEN TWO FACTIONS IN PARK CITY ONE SAYS HE EVEN PLANNED TO GIVES "EXPLANATION."

Upon information furnished by J. H. Anderson, United States marshal, Archie Stewart, deputy United States revenue collector, in company with Thomas Kelter, sheriff of Carbon county, Utah, Thursday afternoon raided an isolated farm house situated on the Price river, about six miles north of Price, and confiscated an illicit still found in an old dug-out on the farm of James and Thomas Garley. The still, which is a small one, is now on exhibition in the office of the internal revenue collector in this city.

The officers encountered no opposition in their search, as the Garley boys had got an inkling of what was coming off and had decamped. The still was found on a cook stove, and from its appearance, had not been in operation for some time. The only grown person on the premises was the mother of the Garley boys, who, in reply to the officers' questions, declared that the boys sagebrush oil.

The question of the Commercial Travelers providing their own hotels has come up for discussion quite frequently during the past year. It came up for serious consideration at the last annual meeting of the organization when the idea seemed to find favor with the delegates. Since then there has been more or less talk in favor of the proposition, but apparently no definite action has been taken.

The proposed scheme came as the outgrowth of the dissatisfaction of the traveling men over what they consider to be exorbitant rates charged them by the hotels. Beginning to Save

Nearly every individual expects to begin sometime to save, but most people, for one little reason or another, never make a begin-ning. Some wish to have a certain amount before opening an account: others want to wait until their income is greater, and so time passes while they continue to spend all they earn. It is not so much the amount that you save each week or month, but the regularity with which you add to your account, that enables you to accumulate a substantial sum. SUPREME COURT HANDS

Affirms Gibson Embezzlement Verdict and Reverses Decision About Land Title.

Chief Justice D. N. Straup of the supreme court, handed down two opinions yesterday, each concurred in by his assoyesterday, each concurred in by his associates, one of which affirms Judge T. D. Lewis of the Third district court in the Gibson embezzlement case and the other reverses Judge M. L. Ritchie of the same court in a land title case.

T. B. Gilson was found guilty of embezzlement, on the charge of stealing \$235.60 from the Theatre Publishing company between November 12 and December 20, 1905, while he was advertising solicitor.

Judge Lewis refused the request of the defense that as no single theft was more than \$48.60 Gibson could not be found guilty of embezzlement, as the statute guilty of embezzlement, as the statute places the amount at \$50. It was chiefly upon this ground that the appeal was taken to the supreme court, but the high-est court of the state holds that the trial court committed no error in refusing to make this charge, because the thefts, though smaller than \$50 each, were in one string and could be taken collectively as one theft. The fact that Gibson was employed by the company and absconded with money of the firm was enough, the court says, to establish the embezzlement

feature.

Judge Ritchie is reversed in a case appealed by Jesse M. Fox. In the trial court the Salt Lake Investment company brought suit against Fox to quiet title to land upon which it had paid taxes between 1895 and 1905, amounting to \$278.13. Judge Ritchie quieted title in Fox, but with the proviso that he must refund the tax money within 30 days. This was not done and the court held that the investment company was entitled to the propment company was entitled to the prop

erty.

From this Fox appealed, and the supreme court holds that the title to the land cannot be taken from him in this manner. The supreme court remands the case to the trial court with instructions to quiet title to the land in Fox, subject to a lien of \$278.13 for the taxes, to be paid within 30 days, or the land will be sold under direction of the court.
